This appointment is on an 'as-and-when' needed basis and therefore your services will only be required as the City needs them, and the City is under no obligation to allocate any work to you over the term of contract should the services never be needed. The City further has no obligation to allocate the full quota of the number of vehicles, equipment, and machinery you indicated as available in your tender submission.

The City fully reserves the right to allocate work according to the needs, allocation criteria and its discretion based on the City's Supply Chain Management Policy.

Any failure to provide the required equipment, and machinery on request as well as provision of general construction machines and construction equipment that does not meet operational requirements by user departments at any point during the duration of this contract will lead to automatic revocation of allocations and re-allocation to other qualifying bidders.

In cases where the VEM's are required for less than 8 (eight) hours a day, the total for such usage be determined on a pro-rata basis, based on the actual number of hours used.

Please note: The inspection of VEM's will be conducted during the first deployment as provided for in the tender specification. The City is currently doing a desktop verification, inspection and audit of all submitted vehicle registration documents. Where the inspection picks up variances and discrepancies between the indicated quantities on the bid documents and submitted vehicle registration documents, the City will accordingly rescind or amend the appointment for that particular item as may be applicable. And that all other conditions including (9-year vehicle limit as well as provision of insurances, etc.) will be enforced without fail.

As an appointed service provider, you may subcontract any portion of this contract or work allocated to you. In the event of subcontracting, you are required to obtain the written permission of the City.

As an appointed service provider, you must pay the relevant landfill site fees as applicable and as determined by the City annually. The amounts due to the City in this regard will be subtracted from the invoices submitted by you irrespective whether the service is rendered by you or by an appointed sub-contractor. All other fees, charges or any other amount due to the City will be enforced for payment by you through the same principle and in a similar fashion as mentioned above.

All other requirements and information concerning this appointment can be obtained from Mr. Karabo Morake at telephone 012 358 0843.
