ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

C.1 General

C.1.1 Actions

C.1.1.1 The Employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in C.2 and C.3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices.

C.1.1.2 The Employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the Employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

Note: 1) *A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position even if no improper acts result.*

2) *Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty which would in any way affect any decisions taken.*

C.1.1.3 The Employer shall not seek and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract.

C.1.2 Tender Documents

The documents issued by the Employer for the purpose of a tender offer are listed in the tender data.

C.1.3 Interpretation

C.1.3.1 The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

C.1.3.2 These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

C.1.3.3 For the purposes of these conditions of tender, the following definitions apply:

a) **conflict of interest** means any situation which:

- i) someone in a position of trust has competing professional or personal interests which make it difficult to fulfil his or her duties impartially;
- ii) an individual or organisation is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or
- iii) incompatibility or contradictory interests exist between an employee and the organisation which employs that employee.

b) **comparative offer** means the price after the factors of a non-firm price and all unconditional discounts it can be utilised to have been taken into consideration;

c) **corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the Employer or his staff or agents in the tender process;

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

- d) **fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the Employer, including collusive practices intended to establish prices at artificial levels;

C.1.4 Communication and Employer's agent

Each communication between the Employer and a tenderer shall be to or from the Employer's agent only, and in a form that can be readily read, copied and recorded. Communications shall be in the English language. The Employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the Employer's agent are stated in the tender data.

C.1.5 Cancellation and re-invitation of tenders

C.1.5.1 An organ of state may, prior to the award of the tender, cancel the tender if-

- (a) due to changed circumstances, there is no longer a need for the services, works or goods requested; or
- (b) funds are no longer available to cover the total envisaged expenditure;
- (c) no acceptable tenders are received; or
- (d) there is a material irregularity in the tender process.

C.1.5.2 The decision to cancel the tender must be published in the same manner in which the original tender invitation was advertised.

C.1.5.3 An Employer may only with the prior approval of the relevant treasury cancel a tender invitation for a second time.

C.1.6 Procurement procedures

C.1.6.1 General

Unless otherwise stated in the tender data, a contract will, subject to C.3.13, be concluded with the tenderer who in terms of C.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.

C.1.6.2 Competitive negotiation procedure

C.1.6.2.1 Where the tender data require that the competitive negotiation procedure is to be followed, tenderers shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of C.3.4, the Employer shall announce only the names of the tenderers who make a submission. The requirements of C.3.8 relating to the material deviations or qualifications which affect the competitive position of tenderers shall not apply.

C.1.6.2.2 All responsive tenderers, or not less than three responsive tenderers that are highest ranked in terms of the evaluation method and evaluation criteria stated in the tender data, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information.

Notwithstanding the provisions of C.2.17, the Employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.

C.1.6.2.3 At the conclusion of each round of negotiations, tenderers shall be invited by the Employer to revise their tender offer based on the same evaluation criteria, with or without adjusted weightings. Tenderers shall be advised when they are to submit their best and final offer.

C.1.6.2.4 The contract shall be awarded in accordance with the provisions of C.3.11 and C.3.13 after tenderers have been requested to submit their best and final offer.

C.1.6.3 Proposal procedure using the two stage-system

C.1.6.3.1 Option 1

Tenderers shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The Employer shall evaluate each responsive submission in terms of the method of evaluation stated in the tender data, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these conditions of tender.

C.1.6.3.2 Option 2

C.1.6.3.2.1 Tenderers shall submit in the first stage only technical proposals. The Employer shall invite all responsive tenderers to submit tender offers in the second stage, following the issuing of procurement documents.

C.1.6.3.2.2 The Employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the tender data, and award the contract in terms of these conditions of tender.

C.2 Tenderer's obligations

C.2.1 Eligibility

C.2.1.1 Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with Employer.

C.2.1.2 Notify the Employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the Employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the Employer's written approval to do so prior to the closing time for tenders.

C.2.1.3 Only those tenderers who can submit all mandatory requirements under Form RD.D.1 are eligible to submit a tender.

C.2.2 Cost of tendering

C.2.2.1 Accept that, unless otherwise stated in the tender data, the Employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.

C.2.2.2 The cost of the tender documents charged by the Employer shall be limited to the actual cost incurred by the Employer for printing the documents. Employers must attempt to make available the tender documents on its website so as not to incur any costs pertaining to the printing of the tender documents.

C.2.3 Check documents

Check the tender documents on receipt for completeness and notify the Employer of any discrepancy or omission.

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

C.2.4 Confidentiality and copyright of documents

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the Employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

C.2.5 Reference documents

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

C.2.6 Acknowledge addenda

Acknowledge receipt of addenda to the tender documents, which the Employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

C.2.7 Clarification meeting

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

C.2.8 Seek clarification

Request clarification of the tender documents, if necessary, by notifying the Employer at least five (5) working days before the closing time stated in the tender data.

C.2.9 Insurance

Be aware that the extent of insurance to be provided by the Employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

C.2.10 Pricing the tender offer

C.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.

C.2.10.2 Show VAT payable by the Employer separately as an addition to the tendered total of the prices.

C.2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.

C.2.10.4 State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.

C.2.11 Alterations to documents

Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the Employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations.

C.2.12 Alternative tender offers

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

- C.2.12.1** Unless otherwise stated in the tender data, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.
- C.2.12.2** Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the Employer.
- C.2.12.3** An alternative tender offer may only be considered in the event that the main tender is the winning tender.
- C.2.13 Submitting a tender offer**
- C.2.13.1** Submit one tender offer only, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.
- C.2.13.2** Return all returnable documents to the Employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.
- C.2.13.3** Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the Employer.
- C.2.13.4** Sign the original and all copies of the tender offer where required in terms of the tender data. The Employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the Employer shall hold liable for the purpose of the tender offer.
- C.2.13.5** Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the Employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
- C.2.13.6** Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the Employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
- C.2.13.7** Seal the original tender offer and copy packages together in an outer package that states on the outside only the Employer's address and identification details as stated in the tender data.
- C.2.13.8** Accept that the Employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.
- C.2.13.9** Accept that tender offers submitted by facsimile or e-mail will be rejected by the Employer, unless stated otherwise in the tender data.
- C.2.14 Information and data to be completed in all respects**
- Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the Employer as non-responsive.
- C.2.15 Closing time**

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

C.2.15.1 Ensure that the Employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery.

C.2.15.2 Accept that, if the Employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

C.2.16 Tender offer validity

C.2.16.1 Hold the tender offer(s) valid for acceptance by the Employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.

C.2.16.2 If requested by the Employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.

C.2.16.3 Accept that a tender submission that has been submitted to the Employer may only be withdrawn or substituted by giving the Employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted. If the validity period stated in C.2.16 lapses before the Employer evaluating tender, the Contractor reserves the right to review the price based on Consumer Price Index (CPI).

C.2.16.4 Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of C.2.13 with the packages clearly marked as "SUBSTITUTE".

C.2.17 Clarification of tender offer after submission

Provide clarification of a tender offer in response to a request to do so from the Employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note: *Sub-clause C.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.*

C.2.18 Provide other material

C.2.18.1 Provide, on request by the Employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the Employer for the purpose of a full and fair risk assessment.

Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the Employer's request, the Employer may regard the tender offer as non-responsive.

C.2.18.2 Dispose of samples of materials provided for evaluation by the Employer, where required.

C.2.19 Inspections, test and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

C.2.20 Submit securities, bonds and policies

If requested, submit for the Employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

C.2.21 Check final draft

Check the final draft of the contract provided by the Employer within the time available for the Employer to issue the contract.

C.2.22 Return of other tender documents

If so instructed by the Employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.

C.2.23 Certificates

Include in the tender submission or provide the Employer with any certificates as stated in the tender data.

C.3 The Employer's undertakings

C.3.1 Respond to requests from the tenderer

C.3.1.1 Unless otherwise stated in the Tender Data respond to a request for clarification received up to five (5) working days before the tender closing time stated in the Tender Data and notify all tenderers who collected tender documents.

C.3.1.2 Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:

- a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;
- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

C.3.2 Issue addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three (3) working days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who collected tender documents.

C.3.3 Return late tender offers

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

C.3.4 Opening of tender submissions

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

C.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

C.3.4.2 Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, and time for completion for the main tender offer only.

C.3.4.3 Make available the record outlined in C.3.4.2 to all interested persons upon request.

C.3.5 Two-envelope system

C.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.

C.3.5.2 Evaluate functionality of the technical proposals offered by tenderers, then advise tenderers who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who score in the functionality evaluation more than the minimum number of points for functionality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any points claimed on BBBEE status level. Return unopened financial proposals to tenderers whose technical proposals failed to achieve the minimum number of points for functionality

C.3.6 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

C.3.7 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

C.3.8 Test for responsiveness

C.3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

C.3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

C.3.9 Arithmetical errors, omissions and discrepancies

C.3.9.1 Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.

C.3.9.2 Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with C.3.11 for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the pricing schedule or bills of quantities; or
- c) arithmetic errors in:
 - i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
 - ii) the summation of the prices.

C.3.9.3 Notify the tenderer of all errors or omissions that are identified in the tender offer and either confirm the tender offer as tendered or accept the corrected total of prices.

C.3.9.4 Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows:

- a) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

C.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

C.3.11 Evaluation of tender offers

The Standard Conditions of Tender standardize the procurement processes, methods and procedures from the time that tenders are invited to the time that a contract is awarded. They are generic in nature and are made project specific through choices that are made in developing the Tender Data associated with a specific project.

Conditions of tender are by definition the document that establishes a tenderer's obligations in submitting a tender and the Employer's undertakings in soliciting and evaluating tender offers. Such conditions establish the rules from the time a tender is advertised to the time that a contract is awarded

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

and require Employers to conduct the process of offer and acceptance in terms of a set of standard procedures

The CIDB Standard Conditions of Tender are based on a procurement system that satisfies the following system requirements:	
Requirement	Qualitative interpretation of goal
Fair	The process of offer and acceptance is conducted impartially without bias, providing simultaneous and timely access to participating parties to the same information.
Equitable	Terms and conditions for performing the work do not unfairly prejudice the interests of the parties.
Transparent	The only grounds for not awarding a contract to a tenderer who satisfies all requirements are restrictions from doing business with the employer, lack of capability or capacity, legal impediments and conflicts of interest.
Competitive	The system provides for appropriate levels of competition to ensure cost effective and best value outcomes.
Cost effective	The processes, procedures and methods are standardized with sufficient flexibility to attain best value outcomes in respect of quality, timing and price, and least resources to effectively manage and control procurement processes.

The activities associated with evaluating tender offers are as follows:

- a) Open and record tender offers received
- b) Determine whether or not tender offers are complete
- c) Determine whether or not tender offers are responsive
- d) Evaluate tender offers
- e) Determine if there are any grounds for disqualification
- f) Determine acceptability of preferred tenderer
- g) Prepare a tender evaluation report
- h) Confirm the recommendation contained in the tender evaluation report

C.3.11.1 General

The employer must appoint an evaluation panel of not less than three persons conversant with the proposed scope of works to evaluate each responsive tender offer using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data.

C.3.12 Insurance provided by the Employer

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the Employer to provide.

Be aware that the extent of insurance to be provided by the Employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

C.3.13 Acceptance of tender offer

Accept the tender offer, if in the opinion of the Employer, it does not present any unacceptable commercial risk and only if the tenderer:

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

- a) is not under restrictions, or has principals who are under restrictions, preventing participating in the Employer's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,
- e) complies with the legal requirements, if any, stated in the tender data, and
- f) is able, in the opinion of the Employer, to perform the contract free of conflicts of interest.

C.3.14 Prepare contract documents

C.3.14.1 If necessary, revise documents that shall form part of the contract and that were issued by the Employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents, and
- c) other revisions agreed between the Employer and the successful tenderer.

C.3.14.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

C.3.15 Complete adjudicator's contract

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

C.3.16 Registration of the award

An Employer must, within twenty-one (21) working days from the date on which a contractor's offer to perform a construction works contract is accepted in writing by the employer, register and publish the award on the CIDB Register of Projects.

C.3.16.2 After the successful tenderer has been notified of the Employer's acceptance of the tender, notify other tenderers that their tender offers have not been accepted.

C.3.17 Provide copies of the contracts

Provide to the successful tenderer the number of copies stated in the tender data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

C.3.18 Provide written reasons for actions taken

Provide upon request written reasons to tenderers for any action that is taken in applying these conditions of tender, but withhold information which is not in the public interest to be divulged, which

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

FORM RD.A.3 MBD 2: TAX CLEARANCE CERTIFICATE REQUIREMENTS

It is a condition of tender that the taxes of the successful tenderer must be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the tenderer's tax obligations.

1. In order to meet this requirement tenderers are required to complete in full the form TCC 001 "Application for a Tax Clearance Certificate" and submit it to any SARS branch office nationally. The Tax Clearance Certificate Requirements are also applicable to foreign bidders / individuals who wish to submit bids.
2. SARS will then furnish the tenderer with a Tax Clearance Certificate that will be valid for a period of 1 (one) year from the date of approval.
3. **The original Tax Clearance Certificate must be submitted together with the tender. Failure to submit the original and valid Tax Clearance Certificate will result in the invalidation of the tender. Certified copies of the Tax Clearance Certificate will not be acceptable.**
4. In tenders where Consortia / Joint Ventures / Sub-contractors are involved, each party must submit a separate Tax Clearance Certificate.
5. Copies of the TCC 001 "Application for a Tax Clearance Certificate" form are available from any SARS branch office nationally or on the website www.sars.gov.za.
6. Applications for the Tax Clearance Certificates may also be made via e-Filing. In order to use this provision, taxpayers will need to register with SARS as e-Filers through the website www.sars.gov.za

FORM RD.C.1 MBD 9: CERTIFICATION OF INDEPENDENT TENDER DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all tenders¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive tendering (or tender rigging)². Collusive tendering is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. Take all reasonable steps to prevent such abuse;
 - b. Reject the tender of any tenderer if that tenderer or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. Cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the tendering process or the execution of the contract.
4. This MDB will serve as a certificate of declaration that would be used by institutions to ensure that, when tenders are considered, reasonable steps are taken to prevent any form of tender-rigging.
5. In order to give effect to the above, the attached Certificate of Tender Determination must be completed and submitted with the tender.

¹ Includes price quotations, advertised competitive tenders, limited tenders and proposals.

Tender rigging (or collusive tendering) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a tender process. Tender rigging is, therefore, an agreement between competitors not to compete.

SECTION C

C1.1 FORM OF OFFER AND ACCEPTANCE

STAMP

OFFER

The Employer, identified in the acceptance signature block, has solicited offers to enter into a contract in respect of the following works:

Contract: ROC 07 2022/23 Tender for the horticultural maintenance of sports facilities in the seven Regions in the City of Tshwane: three - year period, as-and-when required.

It is the intention of the City of Tshwane to award this tender to bidders who submit their bid for one or more than one of the Sections into which the tender has been divided into. The tender will be evaluated for each of the three Sections and bidders may be appointed for one Section, or for more than one Section, or all of the Sections. To qualify for a Section, the tenderer must submit a bid that comply to the specifications stated for that particular Section. The tender consists of the following three Sections:

- SECTION A: Grass cutting and general horticultural maintenance at sport facilities.
- SECTION B: Specialised turf grass treatment of sports fields.
- SECTION C: Specialised treatment of various bowling greens and cricket pitches.

The Pricing Schedule (paragraph C2.2 in Part C2 Pricing Data & Schedule for the tender) is also divided into three sections (Section A, B and C). Tenderers may submit a bid for one Section, or for more than one Section, or all of the Sections (A, B and C) in accordance with the respective pricing schedule specified for each particular Section.

SECTION C: Specialised treatment of various bowling greens and cricket pitches

The City of Tshwane reserves the right to appoint more than one tenderer for Section C, based on the tenderer's capabilities. The capabilities of tenderers will be evaluated against the specifications and mandatory requirements for Section C stated in paragraph 15.2.2, Ownership of vehicles and equipment in Part C3 Scope of Works ROC 07 2022 23 Horticultural Maintenance Sports facilities. The tenderer must tender for all individual items on the pricing schedule of Section C. The table below indicates the total estimated number of sport facilities with Bowling Greens in each Region and are grouped into two Clusters, Cluster A and Cluster B. The tender will be awarded to two successful tenderers who will be allocated to two Clusters (A and B) as per the table below. In the event that only one successful tender is received the tender will be awarded to the successful tenderer.

	<i>Strategic Executive Officer motivating the reason(s) for the late reporting of the incident. Should the relevant claim documentation not be submitted within 30 (thirty) days, the claim will be repudiated.</i>
8.16	<i>Reporting of crime related incidents</i> <i>All crime related incidents, losses or shortages irrespective of the value, must be reported within 24 (twenty-four) hours by the person who was involved or who has discovered the incident to the nearest South African Police Services (SAPS) station. The name of the Police Station, Investigation Officer and the Case number must be obtained and stated on the Contractor Claim Form. Should the incident not be reported to the SAPS, the claim will be repudiated.</i>
8.17	<i>Claim documentation</i> <i>The Employer's Agent must obtain all relevant information from the Contractor/Sub-contractor and complete the Contractor Claim Form, included in this report as Annexure B that is available on the Intranet. The project number must be stated on the Contractor Claim Form.</i> <i>The Employer's Agent must submit with the Contractor Claim Form a detailed cost sheet indicating the estimate of the loss or damage.</i> <i>Any misrepresentation, misdescription or non-disclosure of material facts, at the option of the insurers, can result in claims submitted being declared null and void.</i>
8.18	<i>Authorization of claim forms</i> <i>It is imperative that a formally delegated official or his nominee of the Employer should authorize the Contractor Claim forms as proof of the appropriate authorization, verification and approval of claims submitted. The Strategic Executive Director must provide an authorization letter to the Section: Insurance and Risk Management stating the names and the specimen signatures of the delegated official or his nominee within 30 (thirty) days from approval of this report by Council. Should the delegated official or his nominee not sign the relevant claim form, the claim will be repudiated as this may lead to inappropriate independent verification of the validity of claims, thereby increasing the risk of insurance fraud and consequent reputation damage to the Employer.</i>
8.19	<i>Contractor to pay deductibles</i> <i>Any claim in terms of the insurance affected by the Employer shall be subject to the Contractor being responsible for the payment of the amount stated in the Annexure to the Policies as being the deductible (first amount payable or Excess) as defined in the Certificate of Insurance issued by the Employer's insurer in terms of the Policy.</i>
8.20	<i>Settlement of claims</i> <i>All incidents reported to the Section: Insurance and Risk Management in respect of an occurrence, which is likely to give rise to a claim will be forwarded to the Employer's insurer who will take the necessary actions for the settlement of any such claims.</i>

7. Evaluation and approval of the safety file(s)

The client (City of Tshwane) will conduct an initial inspection and evaluation of the Contractor's OHS file for approval purposes to commence work for each of the sections for which the Contractor was appointed for. The Contractor is required to submit the OHS file within 5 days after receiving the induction training

from the Client. The Client will evaluate the file and give feedback to the Project manager and the contractor. If the file has not been approved, the contractor shall ensure that the outstanding documents are submitted for re-evaluation within 3 working days.

NOTE: The construction work cannot commence until the safety file is approved. The approval letter from the Client must be kept in the OHS file and any letter issued concerning the evaluation of the file. Contractors are required to achieve at least 80% (Eighty Per cent) compliance on the entire safety file documentation to obtain approval by the Client.

2. PROJECT SCOPE

2.1 SPECIFICATIONS OF THE TENDER (ALL SECTIONS)

2.1.1 BRIEFING SESSION

Due to the nature and extent of the work it is essential that prospective contractors undertake a briefing session with officials of Community Services Parks and Horticulture and Sport and Recreation Services.

The compulsory briefing session will take place as announced in the tender advertisement. Attendance registers will be used, and Contractors will not be allowed to tender if they did not sign the corresponding attendance register.

Only one briefing session will be held at the determined date and time and attendance is compulsory.

Contractors may not appeal that this document does not describe the true nature or extent of the work and must be read in conjunction with the information provided during the briefing session.

2.1.2 TENDER CONDITIONS

Prospective contractors are requested to submit tender prices for the execution of the work as described in this document (Part C3 Scope of Works and Part C2 Pricing Data & Schedule). The price must include all the work to be undertaken without any amendments, omissions or additions.

Travelling to and from the sites will be for the account of the contractor. There are no storage facilities available on sites and the contractor is expected to transport equipment to and from the sites or setup, with the written approval of the Deputy Director, his/her own secure container at the approved site at their own cost and risk.

Should storage space be available, the service provider may apply for a lease agreement to rent the space through Group Property at market related prices.

The price must comply strictly with the conditions as set out in this document.

Membership to the Turf Grass Managers Association of Gauteng (TGMA) will be considered an added advantage as it would serve as an indication of the tenderers' industry knowledge. Proof of TGMA membership is to be submitted with this tender.

2.1.3 EXECUTION OF THE WORK

The contractor undertakes to maintain the sport facilities as stipulated in this agreement in conjunction with the specification and payment will only be made if the work has been carried out to the satisfaction of the Deputy Director in the

different regions or his/her nominee, who will represent the municipality in all respects unless otherwise stated in this agreement.

2.1.4 WRITTEN INSTRUCTIONS AND FEEDBACK

All instructions of the municipality, other than instructions given by the Deputy Director on site, will be given to the contractor by the Regional Director Community Services or his/her nominee and no other instructions will be considered as instructions by the municipality.

It will be expected from the contractor that she or he will submit to the Deputy Director a progress report which includes dated photographic evidence depicting the state of the field/s before as well as after the work was completed at the facility. The contractor is expected to attend a site meeting when requested and a compulsory monthly meeting of the contractors with the seven Directors: Community Services section or their nominee.

2.1.5 WORKMANSHIP

All the work must be carried out according to the best recognised practices, contained in the specifications as set out and to the satisfaction of the Regional project manager.

2.1.6 IMPLEMENTS AND EQUIPMENT

The contractor is expected to supply all hand tools, implements and machinery required for the execution of the work.

This machinery and equipment must be issued and provided with all the necessary and Municipality of Tshwane prescribed minimum personnel protective gear approved by the project manager. See point on "Safety clothing & equipment requirements"

This machinery and equipment must be fitted with all prescribed safety shields and equipment as well as all personal protective gear as prescribed and approved by the project manager.

The contractor must at all times ensure that machinery and equipment is maintained and kept in good working order. No routine maintenance and service is to be carried out in the premises of the Municipality.

2.1.7 VEHICLES, IMPLEMENTS, MACHINERY AND EQUIPMENT

The contractor shall have the minimum vehicles and equipment as indicated in the tender. It shall be the responsibility of the contractor to ensure that sufficient vehicles, equipment, machines and safety clothing are included in their tender price to render an effective service.

It is expected of the contractor to supply all personnel, equipment, implements and vehicles as prescribed for execution of the work. Personnel / Labour must be appointed from the local community area where services are rendered.

Under the term 'equipment' the following examples are meant (mattocks, pangas, bows, saws, spades, forks, rakes, hey-forks, lopper etc.) but other equipment is not excluded, and must be supplied when requested by the municipality.

The City of Tshwane may at any stage after the appointment of the contractor, during the production or execution, or on completion of work, subject the contractor to an inspection of the premises of the contractor at all reasonable hours to inspect contractor' vehicles, implements, and equipment and premises. These inspections shall be carried out as follows: The Deputy Director, will visit the premises upon a formal appointment to inspect all plant and equipment and other items deemed necessary.

2.1.8 LEGISLATIVE COMPLIANCE

COMPLYING TO LAWS AND REGULATIONS

The contractor must comply with all applicable laws and regulations.

The successful contractor must provide at their own expense:

- Copy of the companies' Health & Safety Policy.
- Proof of the appointment of a Health & Safety Officer for the Tender.
- Submit copies of the minutes of the Health & Safety Officer's meetings on an on-going basis throughout the tender period to the Deputy Director.
- Proof of training and/or ability of operators to safely operate the machines and equipment used during maintenance to the satisfaction of the Community Services section Deputy Director.

2.1.9 SAFETY CLOTHING & EQUIPMENT - REQUIREMENTS

The contractor shall be responsible to ensure that all his/her workers are issued with protective clothing in terms of Section 37(2) of the Occupational Safety Act (Act 6 of 1983 as amended). Contractors shall ensure that issued safety clothing is replaced when necessary. No worn out or torn / damaged clothing and equipment will be acceptable. The contractor must ensure that his/her workers always wear the safety equipment and must make provision in his/her price for the renewal of the protective clothing and equipment.

MINIMUM REQUIREMENT

As a minimum requirement, one of each of the following must be issued to an employee in the execution of his/ her work as indicated by the star (*).

2.1.10 PENALTIES

Should a contractor fail to maintain any of the agreed items of a facility during any month, he will only be able to invoice for those individual cycles completed to the satisfaction of the Deputy Director and a warning notice will be issued.

Payment will only be made for services completed, according to specification and to the satisfaction of the Deputy Director.

Only 3 (three) penalties (Warning letters) will be allowed. If your services exceed 3 penalties your contract may be cancelled.

2.1.11 TERMINATION OF CONTRACT

Should the contractor fail to comply with any conditions of the contract or to render the service, when necessary, it will be regarded as breaking of this contract, and a warning notice will be issued. The municipality reserves the right to cancel the contract after three written warning notices have been issued to the contractor.

The contract shall be terminated with a 30-day notice letter from the Deputy Director as appointed by the municipality, after three warning notices have been issued for non-compliance to any of the following:

1. A contractor fails to render the specified services on time.
2. Poor workmanship.
3. Not complying with conditions for executing of the services.
4. Fail to adhere to OHS regulations.
5. Fail to have equipment available at all times.

14.3 Specifications for Cricket pitch treatment

Specifications for Cricket pitch soil (Bulli)

Fine sifted cricket pitch Bulli with proof from the supplier that the below specifications comply:

The Bulli must comprise the following fractions:

Clay:	50 - 60%
Coarse sand:	< 10%
Calcium carbonate:	5%
Sodium:	< 5%
Linear shrinkage:	0.08 to 0.15
Organic matter:	< 5%

The work to be executed under this section will comprise of the following:

14.3.1 Rubbing / dusting

- 14.3.1.1** Moisten the pitch 2-3 days before treatment so that all cracks on the pitch surface are closed.
- 14.3.1.2** Cut the grass to a height as close as possible to 10mm using the 1/3 rule. Mowing shall be done by using a correctly adjusted cylinder mower equipped with at least 9 properly sharpened blades.
- 14.3.1.3** Grass density needs to be reduced so that the soil used for the rubbing process can be rubbed into and between the grass stems. Great care must be taken not to reduce the level of density any lower. Mechanical pitch verti cutter machine with vertical rotating blades must be used.
- 14.3.1.4** All dead or loose organic material must be removed from the pitch surface by using a mechanical blower with a strong blowing or suction action. Removal of organic matter with hand broom is not permissible. Great care must be taken that cracks are still closed.
- 14.3.1.5** Surface unevenness that requires more than 5mm of cricket pitch soil (bulli) to be level needs to be lifted by using a 5mm to 20mm diameter solid rod with a sharp end. Holes need to be forced in the surface pushing up the sides levelling the surface with minimum root disruption.
- 14.3.1.6** Where necessary the complete pitch area must be levelled. A pitch levelling frame must be used for this process.
- 14.3.1.7** For any bare areas larger than 150mm in diameter all dead material to a depth of 50mm must be removed and filled with appropriate soil and be replanted with the same species of Cynodon grass.
- 14.3.1.8** Brush Bulli in between the grass stems by using all-weather brooms and/or squeegees. No grass leaves shall be covered with soil.
- 14.3.1.9** A six-to-eight-week recovery period, in the growing season, should be allowed before pitch can be prepared for cricket. Where new grass has been planted more time needs to be given to ensure that grass roots are strong enough to take the stress of pitch preparation.

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

- 14.3.1.10** Apply the appropriate type and quantity of fertilizer with a fertilizer spreader and in coordination with and to the satisfaction of the Deputy Director.

3.5.3	LAN @ 20g/m ²	1		1								1		3
3.5.4	2:3:2 @ 45g/m ²										1			1

- 14.3.1.11** All fertilizer will be supplied by the contractor.
- 14.3.1.12** After all applications, all fertilized areas must be watered thoroughly to avoid possible burning.
- 14.3.1.13** The contractor will be held responsible for any damage to the pitch which is due to carelessness.
- 14.3.1.14** Work to be completed on the same day work commences which in turn must take place within 5 working days of the official order being issued.

14.3.2 Surface de-compaction

- 14.3.2.1** Moisten the pitch 2 - 3 days before treatment so that all cracks on the pitch surface are closed. Ensure that sufficient moisture is present in the soil profile softening it to so that maximum penetration can be achieved during the de-compaction process.
- 14.3.2.2** Cut the grass to a height as close as possible to 5mm to 10mm using the 1/3 rule. Mowing shall be done by using a correctly adjusted cylinder mower equipped with at least 9 properly sharpened blades.
- 14.3.2.3** Grass density needs to be reduced so that the soil used to fill in the holes can be rubbed into and between the grass stems. Great care must be taken not to reduce the level of density any lower. Mechanical pitch verti-cutter machine with vertical rotating blades or pin scarifier must be used.
- 14.3.2.4** All dead or loose organic material must be removed from the pitch surface. Mechanical blower with strong blowing or suction action is best suitable. Removal of organic matter with hand broom is not recommended. Great care must be taken that cracks are still closed.
- 14.3.2.5** The pitch surface then needs to be cored. Core holes to vary between 70mm and 100mm in depth and 30mm -60mm apart. Special manufactured hollow tine forks must be used. Avoid using a mechanical corer as the tines often blocks causing in repairable damages to the pitch profile. Cores are to be removed from the pitch profile and disposed of.

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

- 14.3.2.6 Results obtained from soil analysis will determine what fertilizer needs to be applied into these core holes to correct the fertility levels in the profile. Phosphates need to be applied in a dissolved form. Great care must be taken that no organic matter gets deposited into these core holes.
- 14.3.2.7 Cricket pitch soil (Bulli) must be inserted into these holes. Overnight exposure of the grass root zone must be avoided.
- 14.3.2.8 Surface unevenness that will need more than 5mm of Bulli to be levelled needs to be lifted by using a 5mm to 20mm diameter solid rod with sharp end. Holes need to be forced in the surface pushing up the sides levelling the surface with minimum root disruption. In some cases, it might be necessary to level the complete pitch area. A pitch levelling frame then needs to be used.
- 14.3.2.9 For any bare areas larger than 150mm in diameter all dead material to a depth of 50mm must be removed and filled with appropriate soil and be replanted with the same species of Cynodon grass.
- 14.3.2.10 Brush Bulli in between the grass stems by using all weather brooms and/or squeegees. No grass leaves shall be covered with soil.
- 14.3.2.11 A six-to-eight-week recovery period, in the growing season, should be allowed before pitch can be prepared for cricket. Where new grass has been planted more time needs to be given to ensure that grass roots are strong enough to take the stress of pitch preparation.
- 14.3.2.12 Apply the appropriate type and quantity of fertilizer with a fertilizer spreader and in coordination with and to the satisfaction of the Deputy Director.
- 14.3.2.13 Supply all fertiliser as per 14.3.1.10
- 14.3.2.14 After application all fertilised areas must be watered thoroughly to avoid possible burning.
- 14.3.2.15 The contractor will be held responsible for any damage to the pitch which is due to carelessness.
- 14.3.2.16 Work to be completed on the same day work commences which in turn must take place within 5 working days of the official order being issued.

C2.1 PRICING INSTRUCTIONS

1. General

- 1.1 This section provides the tenderer with guidelines and requirements with regard to the completion of the Price Schedule. The Schedule has to be completed in black ink and the tenderer is referred to the Tender Specifications in regard to the correction of errors.
- 1.2 The Price Schedule shall be read with all the documents which form part of this Contract.
- 1.3 The following words shall have the meanings hereby assigned to them:
- | | |
|-----------|--|
| Unit: | The unit of measurement for each item of work in terms of the Specifications and the Project Specifications. |
| Quantity: | The number of units of work for each item. |
| Rate: | The payment per unit of work at which the tenderer tenders to do the work. |
| Amount: | The product of the quantity and the rate tendered for an item. |
| Lump sum: | An amount tendered for an item, the extent of which is described in the Price Schedule, the Specifications and the Project Specifications, but the quantity of work of which is not measured in any units. |
- 1.4 Reference shall be made to the General and Special Conditions of Contract regarding Provisional and Prime Costs Sums.
- 1.5 Work reserved for Labour Intensive construction methods will be numbered with a prefix “LI” in the Price Schedule to distinguish them from the conventional construction works. Such work shall be constructed using local labour who is temporarily employed in terms of the project specification.

2. Pay Items

- 2.1 Descriptions in the Price Schedule are abbreviated and comply generally with those in the Standard Specifications. The measurement and payment clause of each Standard Specification, read together with the relevant clauses of the Scope of Work, set out what ancillary or associated activities are included in the rates for the operations specified. Should any requirements of the measurement and payment clause of the applicable Standard Specification, or the Scope of Work, conflict with the terms of the Price Schedule, the requirements of the Standard Specification or Scope of Work, as applicable, shall prevail.
- 2.2 The item numbers appearing in the Price Schedule refer to the corresponding item number in the standard specifications or as amended in the Scope of Work. In the latter case, the item number is prefixed with the letter “B”. The same applies to new clauses added to the standard specifications.
- 2.3 Unless otherwise stated, items are measured net in accordance with the drawings, and no allowance is made for waste.
- 2.4 The quantities set out in the Price Schedule are the estimated quantities of the Works, but the Contractor will be required to undertake whatever quantities may be directed by the Engineer from time to time. The Contract Price for the completed contract shall be computed from the actual quantities of work done, valued at the relevant unit rates and prices.

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

- 2.5 The units of measurement described in the Price Schedule are metric units. Abbreviations used in the Price Schedule are as follows:

mm	=	millimetre	h	=	per hour
m	=	metre	kg	=	kilogram
km	=	kilometre	t	=	ton (metric = 1000kg)
m ²	=	square metre	no	=	number
m ² .pass	=	square metre pass	sum	=	sum
ha	=	hectare	MN	=	mega newton
m ³	=	cubic meter	MN.m	=	mega newton metre
m ³ .km	=	cubic meter kilometre	PC sum	=	prime cost sum
ℓ	=	litre	prov sum	=	provisional sum
kℓ	=	kilolitre	%	=	percent
MPa	=	mega pascal	kW	=	kilowatt
V	=	volt	KVA	=	kilo volt ampere
A	=	ampere	R/only	=	rate only
month	=	per month	pe	=	per establishment
day	=	per day	pm	=	per person per month
pd	=	per person per day	p	=	per person
ph	=	per person per hour			

- 2.6 The method of measurement published by the City of Tshwane in section 001 clause 04 and the clauses titled "Measurement and Payment" in the various sections of the Standard Specifications for Municipal Civil Engineering Works, Third Edition 2005, is applicable, subject to the variations and amendments contained in section C3.5.

3. Rates

- 3.1 The prices and rates to be inserted in the Price Schedule are to be full inclusive prices for the work described under the several items. Such prices and rates shall cover all costs and expenses that may be required in and for the execution of the work described, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the documents on which the tender is based, as well as overhead charges and profit. Reasonable prices shall be inserted as these will be used as a basis for assessment of payment for additional work that may have to be carried out.

- 3.2 **A price or rate is to be entered against each item in the Price Schedule, whether the quantities are stated or not.**

An item against which no price is entered or where a word or phrase such as "included" or "provided elsewhere" will be accepted as a rate of nil (R0,00) having been entered against such items and covered by the other prices or rates in the Schedule.

Any work executed to which such a pay item applies, shall be measured under the appropriate items in the Price Schedule and valued at a rate of nil (R0,00). The rate of nil shall be valid irrespective of any change in the quantities during the execution of the Contract.

ROC 07 2022/23 TENDER FOR THE HORTICULTURAL MAINTENANCE OF SPORTS FACILITIES IN THE SEVEN REGIONS IN THE CITY OF TSHWANE: THREE-YEAR PERIOD, AS-AND-WHEN REQUIRED.

- 3.3 The Tenderer shall fill in a rate against all items where the words “rate only” appears in the amount column. The intention is that, although no work is foreseen under such item and no quantities are consequently given in the quantity column, the tendered rate shall apply should work under this item be actually required.
- 3.4 Except where rates only are required, the Tenderer shall insert all amounts to be included in his total tendered price in the “Amount” column and show the corresponding total tendered price.
- 3.5 The tenderer shall not group together a number of items and tender one rate for such group of items.
- 3.6 All rates and sums of money quoted in the Price Schedule shall be in rands and whole cents. Fractions of a cent shall be discarded.
- 3.7 All prices and rates entered in the Price Schedule must be excluding VAT. VAT will be added last on the summary page of the Price Schedule.
- 3.8 Should excessively high unit prices be tendered, such prices may be of sufficient importance to warrant rejection of a tender by the Employer.
- 3.9 The employer reserves a right to conduct service provider’s capability to deliver on the contract and as such any service provider found to pose a risk of non-delivery on any material fact will and/or shall be disqualified.

4. Corrections of entries made by tenderer

Any entry made by the Tenderer in the Price Schedule, forms, etc, which the tenderer desires to change, shall not be erased or painted out. A line shall be drawn through the incorrect entry and the correct entry shall be written above in black ink and the full signature of the Tenderer shall be placed next to the correction.

5. Quantities for evaluation only

The quantities set out in the **Pricing Schedule**, are only approximate quantities and will only be used for **tender evaluation purposes**. These quantities do not reflect any work to be done. The amount of work to be done is **“as and when required”** i.e. unknown. The quantities given are therefore neither warranted nor guaranteed.
